THE EPWORTH FOUNDATION
Notes to Financial Statements
December 31, 2009

NOTE 1 – NATURE OF ORGANIZATION

The Epworth Foundation (the Foundation), a not-for-profit organization incorporated in the State of Colorado, was established in April, 2005. The Foundation's purpose is to engage in certain charitable activities that initially had been conducted by Epworth United Methodist Church of Denver (EUMC), which operates under the auspices of the Rocky Mountain Conference of the United Methodist Church. The bylaws of the Foundation provide for oversight of all of the Foundation's business and affairs by the Administrative Board of EUMC.

The Foundation's mission is to address the needs of the whole individual. The Foundation supports and promotes healthy families, with an emphasis on children. The Foundation operates primarily in the 80205 zip code area, which includes the neighborhoods of Clayton, Cole, Whittier, Five Points and Skyland, historically some of Denver's most blighted and economically depressed communities. The Foundation works to provide help to families and individuals in the form of information, services, support and education.

In February 2007, the Foundation received designation from the Internal Revenue Service as a 501(c)(3) organization under section 170 of the Internal Revenue Code. Contributions to the Foundation in the form of bequests, gifts and contributions are tax deductible.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The Foundation prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of American (GAAP). Accordingly, support, revenue and related assets are recognized when unconditionally awarded, pledged, transferred or earned, and expenses and related liabilities are recorded when the obligations are incurred.

Basis of presentation

The financial statements follow the recommendations of the Financial Accounting Standards Board in its Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-For-Profit Organizations. Under SFAS No. 117, UF is required to report information regarding its financial position and activities according to three classes of net assets, unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

(continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

The Foundation does not have permanently restricted assets.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash equivalent

The Foundation considers all short-term investments with original maturities of less than ninety days to be cash equivalents.

Contributions

Contributions are recorded when pledged and classified as unrestricted, temporarily restricted or permanently restricted support depending on the existence or nature of any donor restrictions. Restrictions on temporarily restricted contributions that are fulfilled in the same accounting period are recorded as unrestricted support in the statements of activities and change in net assets.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activity and change in net assets. Accordingly, certain costs have been allocated among programs and supporting services benefited. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide overall support and direction of The Foundation.

Uncollected earned revenues and pledges

The Foundation writes off earned revenue and pledges once they have been determined to be uncollectible.

Restricted net assets

Net assets that have been restricted are released from donor restrictions by incurring expenses satisfying the restricted purpose.
